

The Affordable Portable!

The TEC MA-156 ECR may come in a small package, but you will find it to be a full featured product that carries the "punch" to satisfy your business needs.

It provides high levels of cashier convenience, increased speed, improved accuracy, added productivity and extended reliability.

Modern styling and a compact, low-profile design make the MA-156 ideal for a wide variety of small retail applications.

As an added plus, the MA-156 can be configured with an optional battery pack that will allow you to conduct your business in areas that are without electricity.

Optional Feature

The MA-156 can be configured with an optional battery pack which will allow the MA-156 to be operated in an environment where no electricity exists (flea markets, etc.). The battery pack option provides full functionality of the MA-156, including opening the drawer, for a minimum of eight hours before re-charging is required.
